**Subject:** Animas River contamination- Follow-up from 9 News

Hi Richard—

My name is Christine Noel—I am a reporter at 9 News in Denver.

My colleague Maya Rodriguez was in touch with you yesterday regarding the Animas River contamination.

Is there any new information today? – Has a chemical(s) been identified in the water yet? I know it was being tested yesterday.

Just wanted to follow up.

Appreciate the time and information.

Christine Noel
